

"Tell 'Em the Colonel Sent Ya"
Corner of Jefferson Ave. & Muller Lane
Newport News, Virginia 23606
Phone (757) 249-1257

I came to Muller Lane in February of 1967 and the first family I met was the Mullers of E.W. Muller Incorporated. We started with a small 2 acre lot and as we expanded the Mullers were right there helping and advising me every step of the way. With all the decisions to be made they guided me through what to do with their knowledge of expansion. We decided to lay gravel first, as my business grew so did the lot and later came the asphalt. Throughout the years all the expansions we've needed we have relied on E.W. Muller. They have exceeded all expectations and brought solidity to our 10 acre lot.

In the beginning we did business with just a hand shake, and if I ever needed a little extra time to pay the bill E.W. Muller was always there for me. I have worked with Robert Locher, which is the 3rd generation of E.W. Muller, for over 30 years. I can honestly say that any decisions made were in our best interest. I have been very thankful to have such a loyal and dependable business partner. You will not find a better company to work with.
